See how she shrinks in terror from the steely, vicelike grip that threatens her life! She is paralyzed with fear of a fate a thousand times more terrible than death itself! Is there no hope of rescue from the impending doom? Who will save her?

The Iron Claw

By ARTHUR STRINGER

Author of "The Wire Tappers," "The Silver Poppy," "The Shadow," "The Hand of Peril," etc.

If there is one writer in the world who is master of the hearts and emotions of readers, his name is Arthur Stringer. In this fascinating story he has matched the wits of clever criminals and clever sleuths and the action is ever at high pitch.

Such famous film stars as Pearl White Sheldon Lewis and Creighton Hale

are shown in the picturized version of the story which has been produced by the Pathe Company. Watch for the first installment! Don't fail to read the story!

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere.

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere.
